Indonesia 2020 condition

- 70 % Offset Printing Companies has shutdown the operation due to Covid 19
- 30% is still running with 50% capacity or less
- School Books Order has stoped from March due to Closing Down the School
- Retail Market has stop due to the Large Scale of social restriction in most Cities starting this April
- Many Companies have a problem with cashflow due to the declining of orders

OPPURTUNITIES DURING COVID 19

- The Impact from Covid Lockdown, many People start businesses from their home. Some Digital Printing companies get advantages from producing Label and Packaging for Home Industries which selling their product online or by social media
- The Government will have elections for more than 200 Regencies electing Mayor and Goverment in December 2020. The number of Voters is about 107 million people

Some Incentives for Industry

- The Government reducing the Price of Electricity Billing for Industry by waiving the minimum payment
- All Salaries for worker are free from income tax
- All workers in industries get monthly subsidy from Government
- Lowering the Loan Interest Rate and The Company can postponed the payment installment for credit in state own bank for 6 month up to 1 year
- The Sales Tax for News Print Paper become 0 %

Organisations Achievement 2020

- In order to fulfill the standart for Human Resources in Industry, Indonesia Government required all the workers to have competency certification for the next year or two.
- Indonesia Printmedia Association (PPGI) has already have National Standart of Competencies registered in Ministry of Human Resources Republic Indonesia
- Within a year PPGI will have a certification body which we name it Lembaga Sertifikasi Profesi Grafika PPGI (Bureau of Graphics Profesion certification)
- By 2021, we expected the Sertification of Printer Operators will be starting

What Next?

- We assume the economics condition in Indonesia will be normal within 12 months from now
- Printing Businesses will be normal much more further , perhaps within 24 months
- Many Printing shops has closed down before and during pandemic, it cause a lot of Financial Institution (Bank) has put printing business is the sunset businesses.

Indonesia
